

Our Local Larder.

Vegetables from Aylsham/Cawston. 7 miles.

Our vegetables and fruit are supplied by Fresh Approach who are an Aylsham based company. Louise Brett has set up the wholesale side to the company along with her parents that own Bretts Greengrocers in Aylsham. Much of the root vegetable crop is grown by the family on their land between Cawston and Aylsham. Where they do not grow their own, potatoes for example they will source locally where possible. Their potatoes are from Ferndale farm in Little Barningham.

For good fresh vegetables that are packed in brown paper bags (not plastic bags) drop into Bretts in Aylsham.
